

### Group Assignment #2

You are the all-powerful mayor of your neighborhood. You are tasked with:

1. Gathering a group of citizens and stakeholders to create a local food policy network or council that represents local food systems actors. Add, to your canvas, the composition of your food policy council. Address BRIEFLY why you chose them.
2. Write a food charter with those actors. This should have a vision and goals for your plan (see below).
3. Create a local action plan to improve the sustainability and security of your local food system. You should:
  - a. Propose actions to improve in your neighborhood to meet the objectives of the city's plan. These should be *in addition* to existing actions in your neighborhood.

On October 21, 2019, you will:

1. Present your plan to the class and assess the plans (with feedback) for two other groups.

From October 21-24, 2019, you will:

4. Respond to and revise your plan based on the feedback from other groups.

The final food policy plan is due on October 24, 2019.
