Practice #1 (not-for-marks) on "Introduction to the IUPAC nomenclature"

Description

Before tackling this practice on nomenclature, it is highly recommended that you:

- print these slides: [Introduction to IUPAC Nomenclature \(slides\)](#)
- and watch this video: [Introduction to the IUPAC nomenclature \(video\)](#)

~~The password to access these resources is: Lavoisier1784~~

Follow carefully the syntax of organic nomenclature in order to maximize your score.

Note: If, after clicking on the "check" button below the question, you realize that you have given a wrong name, you can correct it until you get it right. However, the second attempt will give less points, the third attempt will give even less point, the fourth attempt will not give any points.

This practice is only to check your understanding of this topic. No grades will be recorded, so do not be afraid to click on "submit". You can attempt this practice as many times as you want.

Description

A **B** *I* **A** **—** **T**

This assignment must be answered on line.

You will be given **only one** set of questions on nomenclature and can work on it (save your answers for later review) until the deadline. Your answers will be officially submitted only when you click on "Submit all and finish" which you must do by Sept. 5th, at 15:30 am.

Note: If, after clicking on the "check" button below the question, you realize that you have given a wrong name, you can correct it until you get it right. However, the second attempt will give less points, the third attempt will give even less point, the fourth attempt will not give any points.
